

# Evidence Generation

We work in partnership with our clients to optimise market access for new healthcare interventions

## About us

- Source Health Economics was founded in 2016; we are a team of specialists in health economics, medical writing, systematic review, statistics, meta-analysis, and health technology assessment
- We are based in central London, Oxford, and Cheshire

## Our team

- Our team of 12 systematic reviewers and 3 statisticians has a combined 50 years of knowledge and experience in completing SLRs and meta-analyses
- We collaborate with information specialists at the School of Health and Related Research (SchARR) to complete our HTA reviews
- The team develop user-friendly deliverables for ease-of-use and identification of information and trends, and provide insightful summaries aligned to the research question

## Our services

Our team provides the full spectrum of evidence synthesis deliverables, including:

- Structured literature reviews
  - Rapid reviews
  - Targeted literature reviews
- SLRs
  - Living SLRs
  - HTA-compliant SLRs
- Evidence synthesis
  - Feasibility assessments
  - Frequentist and Bayesian analyses
