

Health Technology Assessment

We work in partnership with our clients to optimise market access for new healthcare interventions

About us

- Source Health Economics was founded in 2016; we are a team of specialists in health economics, medical writing, systematic review, statistics, meta-analysis, and health technology assessment
- We are based in central London, Oxford, and Cheshire

Our team

- **20%** of Source staff have previously worked with or at NICE; this includes experience in a NICE committee, NICE Centre for Health Technology Evaluation, NICE Centre for Guidelines, NICE Decision Support Unit, external assessment group, or acting as a technical expert in the Scientific Advice Programme
- **100%** of our HTA submissions for which a decision has been made have resulted in a positive recommendation

Our services

Source supports companies in submitting evidence to HTA agencies, specialising in submissions to NICE, the SMC, and the NCPE. We can also support with:

- HTA feasibility assessments
- Submission strategy planning
- Evidence synthesis and modelling for HTAs
- Expert opinion elicitation
- Advisory boards
- Early scientific advice/early dialogue
- Post-submission support
- General consultancy and training in HTA processes
